

PROBLEM SOLVER

PROBLEM:

Drilling and driving with ordinary tools can be a time-consuming process.

- Time is lost changing from drill bit to driver bit.
- Chuck keys are not always attached to the drill cord.
- More than one power tool is needed to avoid re-chucking.

SOLUTION:

Insty Bit™ Chuck Adapters

- No time loss changing from drill to driver.
- Fast, keyless operation.
- Only one power tool is required for drilling and driving.
- Fits all drill motors 1/4" or larger.

APPLICATIONS:

- Plumbing
- HVAC

INDUSTRIES:

- Agriculture
- Construction
- Education
- Government
- Hospitality
- Manufacturing
- Property Management
- Suitable for all other industries as well

REGENCY®
A LAWSON PRODUCTS BRAND

Regency® 1/4" Hex Shank Drill Bits

- 135° modified split point
