

PROBLEM SOLVER

PROBLEM:

Most penetrating oils are only effective for a very specific application. You need a product that can:

- Remove rusted-on nuts and bolts.
- Loosen frozen, corroded parts without breaking them.
- Prevent further corrosion and rust.

SOLUTION:

Lawson Penetrating Oil

- Penetrates quickly through rust, grease, and water to loosen frozen parts.
- Prevents breakage of frozen parts
- Frees rusty nuts, bolts, and fittings in seconds.
- Protects against further rust and corrosion.
- Lubricates parts to keep them moving smoothly and quietly.
- Contains no ozone-depleting compounds.

APPLICATIONS:

- Lubricates a wide variety of surfaces:
 - Elevator cables
 - Chains, gears, and door locks
 - Cargo straps on semi trucks
- Displaces moisture on:
 - Spark plug wires
 - Bilge pump motors
 - Battery terminals and vehicle wiring
- Protects surfaces from rust and corrosion on:
 - Metal water meters
 - Swing chains and hand tools
 - Underwater electrical connectors and switches
